February

Parent Governor Vacancy

We are currently recruiting for a parent governor to join our governing board. The role of the parent governor is to represent parents in strategic decision making about the school. Parent Governors would be expected to attend Governor meetings termly and join a committee to ensure that the school are being held to account for the decisions they are making. If you would like further information or would like to apply for the role, please speak to the admin team to arrange an appointment with Amy Davenport, Headteacher.

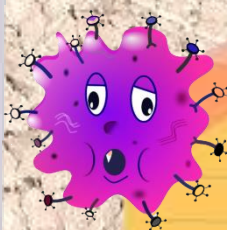

Inset Day

Just a reminder that we are closed on Friday 14th February for an Inset Day for all children.

Infection Control

This half term we have seen an increase in childhood illnesses circulating Nursery. This is a polite reminder to parents to follow the information provided by the staff regarding your child attending school whilst unwell. We follow all the advice and guidance provided by public health England and work with them to control the spread of illnesses amongst our children and staff. Thank you for your continued support to ensure we control as many illnesses as possible.

Science Week

We will be holding a science week after the half term holidays. More information will be sent out to inform you how to capture children's engagement and imagination after the half term.
